

## REMARKS

Claims 1, 2, 3, 5 and 7-12 are now pending in the application. The Examiner is respectfully requested to reconsider and withdraw the rejection(s) in view of the amendments and remarks contained herein.

## CLAIM OBJECTIONS

Claims 1, 9 and 14 stand objected to for certain informalities. Applicant has amended these claims to address the Examiner's concerns. Therefore, reconsideration and withdrawal of this objection are respectfully requested.

## REJECTION UNDER 35 U.S.C. § 102

Claims 1, 2, 8-11, 13 and 15 stand rejected under 35 U.S.C. §102(e) as being unpatentable over U.S. Patent Publication No. 2002/0012144 (Lin). This rejection is respectfully traversed.

It is believed that the originally filed claims are patentably distinct over this reference. However, in order to expedite prosecution of this application, independent Claim 1 has been amended to incorporate the limitations of objected to Claim 6.

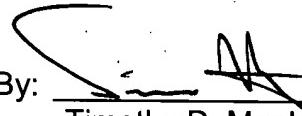

Applicant notes that independent Claim 9 has been amended to recite similar subject matter, and thus should be allowable, along with claims depending therefrom, for the same reasons as Claim 1. Accordingly, Applicant respectfully requests reconsideration and withdrawal of this rejection.

**CONCLUSION**

It is believed that all of the stated grounds of rejection have been properly traversed, accommodated, or rendered moot. Applicant therefore respectfully requests that the Examiner reconsider and withdraw all presently outstanding rejections. It is believed that a full and complete response has been made to the outstanding Office Action, and as such, the present application is in condition for allowance. Thus, prompt and favorable consideration of this amendment is respectfully requested.

If the Examiner believes that personal communication will expedite prosecution of this application, the Examiner is invited to telephone the undersigned at (248) 641-1600.

Respectfully submitted,
